ElectronicPayments

EXATOUCH® YOUR FULL-FEATURED POS SOLUTION

Exatouch® combines progressive technologies, secure payments and support to create a complete point of sale package that optimizes business operations.

LEADING HARDWARE

Exatouch is a modern high-performance system designed to endure. Our "all-in-one" Exatouch packages come with an LCD touchscreen and all the peripherals needed to effectively manage operations.

FEATURE-RICH SOFTWARE

You want it, Exatouch has it: employee and customer management, inventory, appointment scheduling, table mapping, purchasing abilities, gift card support and more!

SUPPORT FOR EMV & APPLE PAY™ TRANSACTIONS

You can rest assured that your business is protected against potential fraudulent transactions and ready to accept the most secure forms of payment.

PROGRAMMING, SETUP AND TRAINING

Setup has never been so easy. We'll preload your menu and inventory into your system and make sure you know how to take advantage of Exatouch's many features.

CLOUD BACKUP

The days of worrying about losing data are over! With daily Cloud Backup, your data is accessible and securely stored at all times.
